

## FIVE AUTO BANDITS SECURE \$33,000

Rob Burroughs Adding  
Machine Co., Pay Car  
in Detroit

## SLIGHTLY INJURE GUARD

Holdup Takes Place in Early  
Afternoon Within Half a Block  
of the Burroughs Plant

## SCORES WITNESS ROBBERY

DETROIT, Mich., Aug. 4.—Five automobile bandits early this afternoon held up the paymaster and armed guards of the Burroughs Adding Machine company and escaped with more than \$33,000 after shooting and slightly injuring one man.

Eleven machines filled with police officers tonight were scouring the country after a fruitless northwesterly chase of 36 miles. Every road out of the city is being searched. The amount obtained by the bandits, at first placed as high as \$45,000, late today was declared by P. G. Chapman, secretary-treasurer of the Burroughs company to have been between \$33,000 and \$34,000. The car held up carried a sum said to have been \$50,000.

A car following carrying \$75,000 was not molested.

Rudolph Cooper, a Burroughs guard was injured by a pistol shot thru the thigh and cuts on his head. He was shot when he endeavored to engage one of the bandits who jumped on to the runningboard of the pay car.

Riding in a large motor car with part of the money for the week's pay roll in bags on the floor, Thomas Sheahan, paymaster of the company, was within half a block of the plant when a smaller car drove alongside and four men jumped out demanding surrender of the money.

Within two minutes after the bandit car drew alongside the pay car the former was racing away with the five cash bags. A few minutes later policemen attracted by the excitement arrived and shortly afterward every available motorcycle policeman was ordered to join the chase. So far as can be learned not a shot was fired by any of the guards in the pay car, nor those in a car following. The guards in the car behind, seeing Cooper, ran out from the curb and engaged one of the bandits, stopped their car and ran forward. They were stopped by the other bandits who swung upon them with a rifle and pistols. Four shots were fired at the guards who made a hasty retreat, uninjured.

It was in this volley that a bullet entered Cooper's hip. The man he was fighting with then hit him over the head with the butt of his pistol and jumped into the pay car. His companions in the meantime had reached into the car and seized the five bags. Hastily returning to their machine they dashed out Second avenue and turned north heading for the country.

Reports received late tonight from different towns and villages in counties surrounding Detroit, tell of small automobiles of the type used by the bandits racing thru those places at high speed. The robbery was committed in full view of scores of persons. Many of them thought a motion picture scenario was being staged.

The five bandits apparently ranged in ages from 18 to 60 according to some witnesses. They were unmasked. One man carried a rifle while the others were armed with automatic pistols.

Unusual precautions are taken by the Burroughs company to prevent robbery. Every half block from the bank where the money for the payroll is obtained to the plant armed guards are stationed. As the pay cars proceed from the bank the guards are picked up as they are passed. Witnesses declared the bandits' success today was aided by the apparent slowness of the guards to realize what was being done.

The Burroughs plant is about two and one half miles from the downtown business district.

## ENGINE EXPLODES;

## TWO REPORTED DEAD

South Bend, Ind., Aug. 4.—Reports reaching here late tonight were to the effect that an engine of the L. E. & W., passenger train due here at 10:35 P. M., from Indianapolis had blown up seven miles west of here. The engineer and fireman are reported dead and the baggage man and brakeman in a dying condition. Whether any passengers were killed is unknown. A relief train left here shortly before 12 o'clock for the scene of the wreck.

Engineer W. C. Kissman, 47 and E. E. Brewer, 28, both of Peru, Indiana, are said to have been killed in the wreck.

## MANY FILE PRIMARY PETITIONS ON LAST DAY

ACTIVITY ALMOST AS GREAT AS ON  
FIRST DAY OF FILING

Disorderly Scenes of Former Years  
Absent as Result of New Rule—  
Twenty-five File Within the Last  
Five Minutes—Several Try for  
Last Place on Ballot

Springfield, Ill., Aug. 4.—The final day for filing petitions for places on the September primary ballot added 158 names to the list of more than 1,600 candidates in the office of Secretary of State Lewis G. Stevenson.

Activity today was almost as great as on the first day of filing, when hundreds of petitions came into the secretary's office. Disorderly scenes of former years, when men with petitions, fought each other at the door of the secretary's office to get their petitions in first, were absent this year as a result of the new rule that petitions mailed are opened first.

Within the last five minutes before five o'clock, the time when the lists were closed, twenty-five filed. Several men, some of them candidates with their own petitions, crowded about the filing clerk's desk, each attempting to withhold his petition until the last in order to get the last place on the ballot. The day brought forth another competition for Secretary of State Stevenson, when John J. Fitzgerald of Chicago filed for the year as a result of the new rule that Democratic nomination for representative. Three filed for state auditor. They are:

George H. Sief, David Carroll and John P. Callahan, all Democrats of Chicago.

Frank R. Reid, Republican of Chicago, filed for attorney general.

The Democrats have three candidates for the nomination for governor, Governor Edward F. Dunne, William B. Brinton of Dixon and James Traynor of Chicago. On the Republican ticket are five candidates, Morton D. Hull, Chicago; Frank O. Lowden, Oregon; Edward N. Woodruff, Peoria; Frank L. Smith, Dwight; and John A. Wheeler, Springfield.

In six districts there are incomplete tickets. In the tenth there is no Democratic candidate for state senator. The same is true in the twenty second. In the eleventh, twelfth, thirteenth and fifteenth districts there are no Democratic candidates for the state board of equalization.

In the twentieth there is no Republican candidate for the board of equalization.

In the twelfth and thirteenth there are no Democratic candidates for representative in congress.

Candidates are allowed five days from today in which to withdraw. The official list is then compiled and the ballots are certified to the 102 county clerks in the state.

## SENATE DEMOCRATS TO PROPOSE AMENDMENT TO REVENUE BILL

WASHINGTON, Aug. 4.—Democrats of the senate finance committee tonight decided to propose an amendment to the special revenue bill increasing the surtax on incomes in excess of \$2,000,000 from ten to thirteen per cent. This is the only change contemplated in the income tax rates as carried in the house bill.

Tentatively the committee has approved the income tax rate of two per cent a year on all incomes in excess of \$3,000 for single persons and \$4,000 for persons with families and surtaxes ranging from one per cent in excess of \$20,000 to ten per cent on incomes in excess of \$500,000.

The thirteen percent tax is an added classification by which it is estimated the total revenues would be considerably increased.

The committee did not complete its work tonight.

## BREAK WORLD'S RECORD

Quincy, Ills., Aug. 4.—Billy McQuinn, Town Boy, owned by Fred Cline of Indianapolis, Ind., paced the third heat of the free-for-all race at LaHarpe, Ills., today in 2:04 3-4 and broke the world's record for the half by negotiating it in 1:00 3-4. Don Densmore finished second and Red View third. The race was run on a half mile track.

## KILLED BY LIGHTNING

Colorado Springs, Colo., Aug. 4.—Charles Linville of Pueblo, was struck by lightning on the summit of Pike's Peak this afternoon and instantly killed. Men working with a construction gang on the crest of the mountain were injured by the bolt.

## THREATEN TO STRIKE

Philadelphia, Aug. 4.—The executive board of division No. 477, of the Amalgamated association Street & Electric railway employees of America, tonight announced that unless the demands of the motion picture industry which were submitted today to Thomas A. Mitten president of the Philadelphia Rapid Transit company were answered favorably by noon tomorrow, a strike would be called within a few hours.

## War News Summarized

Verdun, almost quiescent during the Anglo-French offensive in the Somme region, has again become the storm center on the western battle front. French forces have taken the offensive on the right of the Meuse and now hold the Thiamount work and the greater part of Fleury, according to Paris.

The Thiamount works was twice in French hands during 12 hours on Friday.

The second German counter-attacks were of no avail says Paris and the work remained in the possession of the French.

Fleury which changed hands Thursday after the French had succeeded in taking it, is again almost entirely occupied by the French.

Fierce fighting still continues. German unwounded prisoners taken in the Verdun fighting number 400.

On the Somme front there has been little infantry activity.

London says the Germans bombarded the section southwest of Pozieres and also the southern portion of the Mametz wood.

Desperate counter-attacks by the Germans in the region of the Stokhod river, east of Kovel, have resulted in the retirement of the Russian forces which had seized the village of Rudka-Miryanskala. Petrograd reports the capture of 1300 Austro-Germans in a "hot attack" on the line of Sereth and Graberki rivers.

A squadron of British naval aeroplanes has attacked with bombs, German military establishments in the vicinity of Ghent, Belgium. London says considerable damage was done. Unofficial reports received in Amsterdam apparently confirm this claim.

## SHACKLETON FAILS TO RESCUE MAIN BODY OF HIS EXPEDITION

Returns to Falkland Islands to Wait  
for Steamer Discovery to Come  
From England.

London, Aug. 4.—Lieutenant Sir Ernest Shackleton has again failed to rescue the main body of his Antarctic expedition, left on Elephant Island says the Daily Chronicle and has returned to Falkland Islands.

Sir Ernest returned on board the Steamer Emma, says a Reuter despatch from Port Stanley. The ship was forced back by heavy gales and ice and it was found impossible to get near Elephant Island thru the packed ice. Sir Ernest is waiting for the Steamer Discovery to come from England.

Sir Ernest Shackleton has made two attempts to rescue the main body of his expedition, comprising twenty two men, left on Elephant Island, when Shackleton and five of his men started out in search of aid last April. Sir Ernest arrived in Port Stanley, Falkland Islands, with five members of his party May 31st.

Elephant Island is one of the south Shetland group and for the greater part of the year is covered with snow. However, the island has an abundance of seals and sea fowl. No word has been received from the marooned men since Shackleton returned from the Antarctic last May.

## MORE THAN 2,000 ENROLL FOR ATLANTIC NAVAL TRAINING CRUISE

Number Exceeds Navy Department's Expectations and Indicates  
Plan will be Continued in Future Years.

Washington, Aug. 4.—More than 2,000 civilians have enrolled for the Atlantic naval training cruise which will start August 16th, and continue for nearly a month, Secretary Daniels announced today. The number exceeded the department's expectations and indicates that the plan will be continued in future years he said. Nine battleships have been assigned for the trip which is intended to give civilians training for naval service similar to the military drill they receive at various summer camps.

Secretary Daniels refers to it as the "John Paul Jones cruise."

During the final week of the cruise, which will end Sept. 12th, each ship will return to the naval district from which it sailed and operate in conjunction with a number of motor boats, whose owners have entered for drills to make them useful in war time.

The Illinois and Louisiana will carry the men from Norfolk, Richmond, Cincinnati, Indianapolis, Chicago, Minneapolis, Milwaukee, Des Moines, St. Louis, Omaha, Kansas City, Dallas and Washington.

## DEAD NUMBER 178

Toronto, Ont., Aug. 4.—A register general who has gone to the bush fires to look after the listing of the dead, reported today that the dead so far found number 178. Estimates of the total number of dead have ranged from 400 to 500.

## RAID GERMAN AERODROME

London, Aug. 4.—British naval aeroplanes on Wednesday carried out a successful raid on a German aerodrome and on ammunition sheds in towns south of Ghent, Belgium, says an official announcement given out tonight by the admiralty.

## WILSON TO NAME COMMISSION SOON

Carranza Does Not Answer  
Suggestion to Extend  
Discussion

## DELIVER NOTE TO U. S.

First Chief Says His Commissioners Will "Preferably" Discuss Points Outlined in Note

## MEN MAY MAP OUT COURSE

WASHINGTON, Aug. 4.—Indications tonight were that President Wilson would appoint three commissioners within the next few days to meet a similar delegation already selected by General Carranza to undertake settlement of international differences arising along the Mexican border.

In a note delivered to the state department today General Carranza named his commissioners but did not answer suggestions of the Washington government for enlargement of the powers of the commission.

It is believed however, that the reply is generally satisfactory and that negotiations will proceed without delay.

General Carranza says the Mexican commissioners "preferably" will discuss the three points outlined in the Mexican communication of July 11th, which are withdrawal of American troops from Mexico, the framing of a protocol to cover future border operations and an investigation of what interests have promoted border raids.

It is possible that in notifying the Mexican government of the appointment of the American commissioners and the time and place of the conference, acting Secretary Polk will indicate that the United States expects the conferees to be free from limitations implied in the Mexican note. The commission then would be left to map out its own course unless General Carranza had some specific suggestion to offer.

There was nothing to indicate that President Wilson had decided on the men who will represent the United States on the commission. It is regarded as probable that the American membership will conform generally to the Mexican delegation. There are no diplomatic or military representatives among the Mexican commissioners, nor any lawyers.

Major General Goethals, who has been mentioned as a possible selection, is an engineering officer. The fact that he is a soldier, however, may prevent his selection.

Others mentioned include members of the supreme court and persons not in government service who are regarded as authorities on commerce and finance.

It was expected tonight that Ambassador Arredondo might begin tomorrow a further conference with Mr. Polk regarding the time and place of the commission's meeting.

It is probable the discussion will be held in some city near Washington.

## Text is Not Given Out

Mexico City, Aug. 4.—The text of the note of the Carranza government to the United States concerning the conference which it is proposed to hold between representatives of the two countries, was not made public here today. It is stated that no word has been received from Eliseo Arredondo, Mexican ambassador-designate at Washington regarding the time and place for the proposed conference. A place in or out of the United States would be satisfactory to the Carranza government.

## BIG FIRE AT RANKIN

Danville, Ill., Aug. 4.—Rankin, ten miles west of Hoopeston on the Lake Erie & Western railroad suffered a bad fire tonight. The fire started at 10 o'clock, supposedly from an overheated journal in the George Petry grain elevator which with its contents was consumed.

At 11 p. m. when telephonic communication was interrupted the Kuhn-Siedel General Store had burned and the flames were threatening the Brickley hardware store, Lake Erie and Western depot and other buildings.

At that time the losses were estimated to aggregate \$20,000.

## HUGHES READY FOR TRIP

Bridgehampton, N. Y., Aug. 4.—Charles E. Hughes is ready for the trip to the Pacific coast upon which he will start tomorrow night. He will take the 7 o'clock train for New York tomorrow morning to be joined there during the afternoon by Mrs. Hughes and will leave at 9:35 P. M. for Niagara Falls, where he will spend Sunday.

## TELEGRAPHIC BRIEFS

LOUISBURG, Kan.—Mrs. Emma-line Heiskell, 85, niece of Dr. Johnstone Lykins, first mayor of Kansas City, is dead here.

CHICAGO—A marriage license was issued to Hugh A. Rafter, Chicago, 34, and Pauline M. Drake, 27, Springfield, Illinois.

KANSAS CITY—A lake in a city park here is being drained to recover a wedding ring lost there by Mrs. Hugh Foster. While throwing across the water, Mrs. Foster hurled the ring off her finger.

ROCK ISLAND, Ill.—Major Charles W. Hawes, former head clerk of the Modern Woodmen of America, retiring from that office two years ago after filling it for 26 years, died here, aged 75.

CHICAGO—Firemen rescued residents of flats over an Englewood furniture store, scene of a spectacular blaze. Three women, overcome by smoke, were carried down ladders.

WASHINGTON—Conciliators of the department of labor reported that the New York Garment Workers Strike had been called off and that 50,000 workers would return to their places Monday. President Wilson was notified.

JONESBORO, Ark.—With but one dissenting vote, the Arkansas state farmers' union in convention here adopted a resolution urging members to work to keep on the statute books the state wide prohibition act passed by the last legislature.

BLOOMINGTON, Ill.—Fifteen guests were routed out of bed by fire which destroyed the Stagner hotel at Anchor. The loss was about \$7,000 with no insurance. The business section of the city was saved only by the fact that a high wind blew the flames in the opposite direction.

## FEDERAL GOVERNMENT MAY TAKE NO ACTION TO AVERT R. R. STRIKE

WASHINGTON, Aug. 4.—After a conference between President Wilson and Judge William L. Chambers, commissioner of the United States board of mediation and conciliation, it was indicated that the federal government would take no action to avert the threatened strike of 400,000 employees on 225 railroad systems of the country until employees and employers made a final effort to reach an agreement next week.

The commerce committee tabled a resolution providing for an interstate-commerce commission investigation of heros of labor on railroads and including an appeal to the railroad managers and employees to postpone consideration of their differences until the investigation was completed.

President Wilson was told by Judge Chambers that the mediation and conciliation board believed there still was a possibility of avoiding a strike thru conferences between the employers and workmen or thru intervention by the board.

## ARMED OIL WORKERS SEARCH FOR NEGRO CHARGED WITH MURDER

MUSKOGEE, Okla., Aug. 4.—Nearly a thousand armed oil workers from Morr's, Okmulgee and Hogman in automobiles and afoot, tonight scoured nearby oil fields for Bill Towery, a negro, wanted on the charge of murdering Charles Vaughn, a well-to-do oil man, whose mutilated body was found in the tonneau of his automobile near Hoffman late today.

Another negro, his hands and clothing smeared with what appeared to be blood, was arrested less than an hour after Vaughn's body was found. Officers with him escaped hostile citizens following with the avowed intention of lynching the prisoner. He is said to be a brother of Bill Towery.

Vaughn's throat was cut, his head almost severed from his shoulders. He had been robbed and his pockets turned inside out.

## INSTALL SECOND CONDUCTOR

Oakland, Cal., Aug. 4.—An Oakland street car company today installed a second conductor on one of its cars whose duties will not be to ring fares and call streets but to answer questions, help women on and off, amuse crying babies and make himself as useful and obliging to the traveling public as possible.

## FINE BARONESS VAN HUTTEN

London, Aug. 4.—The Baroness Von Hutten, formerly Betsy Riddle of Pennsylvania was fined five pounds sterling yesterday on a charge of having traveled as an alien enemy more than five miles from her place of residence.

## U. S. SIGNAL CORPS

San Antonio, Tex., Aug. 4.—Four United States signal corps men were fired on today at a point about half way between Marfa and Presidio, Texas, according to a report transmitted to General Funston by Col. J. A. Gaston at Marfa. The report did not say who fired the shots.

## SPECIALISTS REPORT TO HEALTH OFFICERS

MAKE RECOMMENDATIONS TO NEW  
YORK HEALTH DEPARTMENT

More Vigorous Measures in the Isolation of Infantile Paralysis Sufferers and House to House Canvass Twice a Week are Suggested.

New York, Aug. 4.—More vigorous measures in the isolation of infantile paralysis sufferers together with a house to house canvass twice a week for purposes of education and an earlier detection of the disease were recommended to the department of health tonight by a committee of pathologists and bacteriologists of the country who for two days have been surveying the epidemic stricken districts of New York.

"We are of the opinion," the report says, "that satisfactory isolation is secured only in hospitals. That affords the most thorough protection possible for the public and is better for the individual patient."

While there is still much to learn concerning the period of incubation and the various means of transmission of the disease the report says physicians and parents can give great help in promoting sanitary conditions in the homes. No scientifically adequate method of control can be formulated at this time and the co-operation of parents is necessary in order to check the epidemic, the specialists report. Chief among preventative measures is close observation of children and speedy reports of symptoms.

Food for children should be selected with care and thoroughly cooked, the report continues. Present information shows that the disease is most readily spread by personal contact altho it can be transmitted thru the bites of insects, or directly from the sick to susceptible persons or indirectly from the sick thru carriers, it is stated.

The conference of specialists was closed tonight but many of them announced their intention of remaining in the city a few days to obtain additional information.

Several of the conferees left for their homes and most of them took cultures obtained in hospitals and homes of sufferers with which to conduct experiments in their own laboratories.

## STONE STATES ARBITRATION IS POLICY OF TIRING MEN OUT

NEW YORK, Aug. 4.—Arbitration as it works out in disputes between the railroads of the country and their employees, is a policy of tiring out the men, according to Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, who is attending the Brotherhood conferences here preliminary to joint conferences with the railway representatives next week, when the final vote on the question of a strike on 225 roads will be considered.

"We have been trying for two years to put into effect the arbitration awards in the engineers' grievances," he said. "After awards are obtained, the railroads place construction on them which necessitates other sessions to interpret the meaning. It is a drawn out policy designed to tire the men out."

Mrs. Stone cited several cases of alleged intimidation by the roads, while the strike vote that now is being considered, was in progress.

## DECLARE 80 PERCENT OF NEW YORK STREET CAR MEN ARE ON STRIKE

NEW YORK, Aug. 5.—Officers of the Amalgamated Association of Street and Electric railway employees declared at 2 o'clock this morning that 80 percent of the 3,100 motormen and conductors employed by the New York railways company were on strike.

The hall in which 1,500 workers had taken a strike vote earlier in the night was again packed with employees of the company at 2 o'clock.

Most of the men were in uniform in their cars. It was asserted when the meeting was called to order that beyond doubt they would join the strike.

## SUBMARINE BOMBARDS TURKISH CAPITAL

London, Aug. 4.—Constantinople and the suburbs of Kartal and Penbik recently were bombarded by submarine from the sea of Marmora, according to Constantinople advices transmitted by the Athens correspondent of the Exchange Telegraph company.

## TRAIN KILLS MAN

Springfield, Ills., Aug. 4.—An unidentified man, carrying a bucket of beer walked heedlessly into the path of the fast Chicago & Alton Hummer early this morning and was killed instantly. The passenger train was more than an hour late.

## PLACE DEAD AT TWENTY FIVE

Middlesboro, Ky., Aug. 4.—All reports tonight from the region of Blair's Creek, Claiborne county, Tenn., devastated by a ood, following a cloudburst Wednesday night were that the death list probably would not exceed 25.

## TREATY SIGNED BY DENMARK AND U. S.

Will Be Submitted at Once  
to the Senate and  
Danish Parliament

## PROVIDES FOR PURCHASE

Expect No Serious Opposition  
in Senate—Danish Parliament Action More Uncertain

## LODGE DISCUSSES PURCHASE

WASHINGTON, Aug. 4.—Purchase by the United States of the islands St. Thomas, St. Croix, and St. John, lying on the east of Porto Rico and comprising an archipelago known as the Danish West Indies, is provided for in a treaty signed today by the United States and Denmark. It will be submitted at once to the United States senate and the Danish parliament whose ratifications are necessary to complete the purchase agreement.

No serious opposition is expected in the senate where action will be sought at the present session.

The only objection is expected to come from senators who believe the purchase price of \$25,000,000 too great.

The outcome of the Danish parliament is more uncertain, altho the expectation here is that the treaty will be accepted. The European powers are not expected to look with favor on the proposed sale. It is recalled that failure of a similar purchase treaty in the Danish parliament years ago was attributed to German influence.

The signing of the treaty took place in New York, where Secretary Lansing and Constantin Brun, the Danish minister, both away from the capital on vacation, met to affix their signatures to the document.

Details of the pact will not be made public until it is transmitted to the senate. It is understood to provide for complete acquisition of the islands, but stipulate that Danish business interests there shall be guaranteed protection. A clause also is included ceding to Denmark the undefined American rights of discovery in Greenland, a Danish possession.

"In the interest of peace," said Senator Lodge in discussing the purchase, "it is of great importance that these islands should pass into the hands of the United States. From a military point of view their value can hardly be overestimated."

"The population is only 33,000 of whom nearly 30,000 are negroes. Annexation would never involve at any time the troublesome question of statehood."

## PYTHIANS NAME DETROIT AS CONVENTION CITY FOR 1918

PORTLAND, Ore., Aug. 4.—In the selection of Detroit as the convention city for 1918 by the supreme lodge, Knights of Pythias it became known that Minneapolis already had underway a movement for the convention four years hence.

Mrs. Lilly Samuels, of Oakland, Calif., was elected supreme chief of the supreme temple, Pythian Sisters, which is holding its fourth biennial session here. Mrs. Samuels was elevated from the office of supreme senior. Mrs. Elizabeth J. Hutchison of Portland, Me., was advanced from supreme junior to supreme senior, Mrs. Minnie Bunting of Sapulpa, Okla., present supreme manager, succeeds Mrs. Hutchison.

## PLACE GUARD AT LEVEE

Brownsville, Texas, Aug. 4.—Discovery late today of a fifteen foot break in the Rio Grande levee, near the camp of the first Illinois cavalry, two and a half miles west of Brownsville, and suspicion that the break was caused by unfriendly Mexicans led to the placing of heavy guard at the breach. The Rio Grande continued to rise slowly here tonight.

## FUNERALS

Rife

The funeral of Miss Mary A. Rife was held Friday afternoon at 2 o'clock at the Christian church in Concord, Rev. L. M. Mullikin conducting the service. His text was John 14: 1-3, a favorite verse of the deceased. The theme "The Home Over There" was presented in a very interesting and comforting manner. The music was by Mrs. L. F. Bayless, Miss Eva Abernathy, J. Bert Way and C. O. Bayless, Miss Alma Deterding presiding at the piano. The songs at the church were "God Will Take Care of You," "Gathering Home," "Just When I Need Him Most," and at the cemetery, "God Be With You." The bearers were J. E. Whorton, G. J. R. Wood, J. M. Leonard, P. R. Leonard, S. M. Henderson and J. J. Rayborn. The flowers were kindly cared for by Miss Eva Gaddis and Miss Flora Wilson. The remains were laid to rest in the Concord cemetery, Rev. L. M. Mullikin, the pastor, had charge at the grave and Rev. A. Fairchild gave the benediction.

The Oklahoma mother who has  
added four children at once to a  
family of eleven is doing more than  
her share toward preparedness.

During the past week there have  
appeared in the Journal several om-  
nibus advertisements of good able  
men wanting well digging. Evident-  
ly the park commissioners who have  
the fate of Duncan Park in hand  
have failed to see these, as so far  
as the naked eye can discern no well  
has yet been started.

With prices of crude oil coming  
down from high perches, it ought  
now not to be long before the price  
of gasoline drops to the figures of  
last year. This is one of the sub-  
jects that the government is inves-  
tigating, and perhaps this quiz may  
have reached the point where the  
great oil concerns felt that it might  
be well to allay popular resentment.

The reduction in price of the low-  
er priced automobiles announced by  
several makers in the last week or  
two have brought the motor car in  
direct competition with the horse  
and carriage. An ordinary one horse  
carriage with harness, etc., can be  
bought no cheaper than a five pas-  
senger automobile which is immen-  
sely more comfortable and service-  
able. To maintain such a machine  
costs less than to maintain a horse  
and carriage, and if the automobile  
were driven no more miles than a  
horse and carriage in a season, the  
depreciation and maintenance would  
be much cheaper. The time has ar-  
rived when the item of cost makes  
no difference between the automob-  
ile and the carriage. For the man  
who can afford either, it is a matter  
of choice.

Night driving for local motorists  
and others who use the city streets  
and county highways is more dan-  
gerous than the average person is  
really aware. In the country the  
dust has been so dense at times, es-  
pecially when rigs or autos pass one  
another, that it is often impossible  
for a driver to see ten feet ahead for  
some minutes. Then add to this  
state of affairs the blinding glare of  
the average automobile electric  
headlight and you're up against some  
proposition. There should be a  
"dimmer" ordinance in Jacksonville.

There is nothing any more need-  
ed for the safety of people who use  
the city streets than an ordinance  
of this kind. In the country where  
a law is not available towards com-  
pelling automobilists to use dimmers  
at any time, it should be no more  
than common road courtesy for ap-  
proaching cars to dim their lights  
so that those facing them may be  
able to see and be safe. In most  
cities the size of Jacksonville "dim-

Rippling Rhymes  
By WALT MASON

FAT AND LEAN.

In August heat is at its worst;  
the sun roasts on, with zeal accurst;  
all brown and wilted is the grass,  
the sky looks like a sheet of brass.  
Oh, August always  
hits me hard, for  
I am well equipped  
with lard; I scored  
two hundred in  
the shade, when I  
last had my person  
weighed. And as  
I sizzle in the  
warmth, I wish I  
had a slender  
form. My neighbor,  
Wilkins, has  
no fat; he's lean  
and limber as a cat, and in the  
burning August days, serene and  
cool he goes his ways; no wilted  
collar on his neck, he likes to see  
the heat on deck; He doesn't have  
to mop a brow that drizzles sweat,  
as I do now. I envy him his lanky  
shape, but from my fat there's no  
escape. And, as I envy, comes a  
thought with hope and consolation  
fraught. Full soon the wintry winds  
will blow; there'll be all kinds of  
ice and snow, and then, while freez-  
ing William shakes, the fat man  
who in August bakes, will calmly  
view the bitter storm, by his own  
store of grease kept warm. Thus  
things are balanced on this earth,  
and, reconciled to ample girth, I tell  
the sun to go ahead, and paint the  
solar system red.

## DATES IN ILLINOIS HISTORY.

August 5, 1712—Letters patent were  
assigned to M. Crozat, a French  
merchant, granting him exclusive  
privileges of trade in the Missis-  
sippi Valley.

mer" ordinances are in force. Local  
motorists have begun to see the need  
for dimming their lights when ap-  
proaching another machine or when  
approaching a vehicle of any sort  
and any night some drivers will be  
encouraged who use this safety and  
courtesy in passing.

Word comes from New York that  
earnings on news print paper manu-  
facture for 1916 have averaged from  
40 to 50 per cent. it is estimated.  
Great Northern Paper company's  
stock has advanced about ten points  
within the last two weeks, being  
quoted at 305 compared with 250  
which prevailed early this year.

The company has paid ten per  
cent annually on its 6,000,000 issue  
of capital stock since 1912. Prices  
are \$42 per ton on contract and  
\$62.50 for new orders.

Newspapers are now operating at  
an expense far above normal on ac-  
count of the high cost of print paper,  
and unless the cost of paper can be  
reduced soon it will be necessary for  
most papers to increase their adver-  
tising rates if they are to continue  
publication without financial losses.

One of the finest roadways in  
Morgan county is the recently con-  
structed state aid highway on the  
Morton road, just east of the city.  
Its smoothness and solidness give  
evidence of the good work and ma-  
terials which entered into its con-  
struction. The farmers who are able  
to haul heavy loads over it in times  
of bad weather and the city folk who  
enjoy its smoothness for pleasure  
rides during the year appreciate the  
efforts that have made this short  
stretch of delightful roadway pos-  
sible.

The fly in the ointment in this  
instance is the roadway which con-  
nects the end of the East Morton  
avenue pavement and the state aid  
road. This hill and the stretches of  
road across the bridge over the  
Mauvaisterre is about the roughest,  
roughest proposition that has been  
encountered in some time. It is  
gratifying to note that some pro-  
gress is being made in a movement  
to improve this piece of bad road.  
The city and county have joint own-  
ership there.

One of the finest movements for  
the boys of Jacksonville was inau-  
gurated at the local Y. M. C. A.  
Thursday evening when the Boy  
Scout organization was formally  
launched in this city. Boys of many  
other cities have been enjoying the  
fraternity of this association for  
some years, and the men at the head  
of the project here are to be con-  
gratulated and should have the  
backing of every parent in the city.

The boys themselves have great  
opportunities for training. Both mili-  
tary training and citizenship train-  
ing.

Citizenship training, as worked  
out by the Boy Scout movement, has  
been given a thoro and convincing  
trial. There can be no question of  
its effectiveness in accomplishing the  
results it is designed to accomplish.  
The evidence is before us in the lives  
of scores of thousands of boys who  
are being led to sturdy manhood and  
useful citizenship thru the Boy Scout  
movement.

## Notable Group for Lowden

It is not often that a candidate  
for a state office has such an array  
of prominent business men lined up  
in his support as is true of Frank O.  
Lowden, who is seeking the Republi-  
can nomination for the governor-  
ship. That was indeed a notable  
gathering of business men in Chi-  
cago that met at a luncheon Thurs-  
day and gave the candidate a pledge  
of their enthusiasm and hearty sup-  
port. David R. Forgan was made  
president of the organization which  
was effected, with Gordon I.  
Ramsay as secretary and Charles G.  
Dawes as treasurer. The list of vi-  
ceregents includes such well known  
names as John V. Farwell, George  
M. Reynolds, Frank W. Gunsaulus,  
Arthur Dixon, John F. Smulski, E. A.  
Baneroff, Wallace Heckman, Alexan-  
der H. Revell, Samuel M. Felton, Dr.  
Arthur Dean Bevan, and W. T. Fer-  
ton.

There is not one in the list but is  
prominently identified with the busi-  
ness life of Chicago and the mem-  
bership of the organization includes  
hundreds of citizens prominently as-  
sociated with Chicago interests.  
Such a coterie of supporters will  
certainly tend to increase the Low-  
den strength in Chicago and Cook  
county.

On the first of this month the  
hunting season opened for some  
kinds of game, especially squirrels.  
Already many nimrods of this and  
adjoining counties are taking ad-  
vantage of the season! Squirrels  
may be shot until the last day of  
January.

The open season on mourning  
doves will open on the 1st of Aug-  
ust and continue until the last day  
of the month.

The bag limit is fifteen squirrels  
and ten doves as any one day  
slaughter and it is unlawful to have  
in possession more than thirty  
squirrels or forty doves at any one  
time. Conviction of violation of this  
provision is punishable by a fine  
of from \$15 to \$50 for each of-  
fense and the lawbreaker is to be  
committed to the county jail until  
the fine and costs are paid.

The hunters are given the follow-  
ing instructions by the authorities  
in order to be protected:

"Above all, get a license. They  
cost only a dollar and may cost  
a good deal more if you fail to get  
one."

"It is necessary under the law that  
you carry this license whenever  
hunting. It is also good policy,  
from the viewpoint of self-preser-  
vation, to get permission of the  
owner or occupant of property before  
hunting. Do not sell your game to

dealers or private parties. This is  
a serious offense and is punish-  
able by a heavy fine—from \$25 to  
\$100 and an additional fine of \$5  
for every bird or animal or part of  
bird or animal sold or offered for  
sale, the convicted offender to stand  
committed to the county jail un-  
til the fine and costs are paid."

With these facts well impressed  
on the mind the hunter may shoul-  
der his gun and sally forth to his  
sport.

LOWDEN GAINS NOTABLE  
ENDORSEMENT IN CHICAGO

Men Prominent in Business and Fin-  
ancial World Enthusiastic in Sup-  
port of His Candidacy for the  
Governorship.

Five hundred Chicago business  
men, prominent in every line of the  
city's life, started the Frank O.  
Lowden Business Men's Association  
off with a whirl of enthusiasm  
Thursday at a luncheon in the La  
Salle hotel roof garden. The new  
organization, whose enrollment of  
members already is more than 1,000  
made its initial public bow as non-  
partisan and non-factional, in proof  
whereof were offered the names of  
officers and members.

Rarely if ever has a local political  
organization started with officers of  
such prominence, both in business  
and the professions. This is the  
list:

President: David R. Forgan; Sec-  
retary Gordon A. Ramsay; Treasur-  
er Charles G. Dawes; Vice presi-  
dents: John V. Farwell, George M.  
Reynolds, Frank W. Gunsaulus,  
Charles G. Dawes, Arthur Dixon,  
John F. Smulski, Edgar A. Baneroff,  
Wallace Heckman, Alexander H.  
Revell, Samuel M. Felton, Arthur D.  
Bevan, W. T. Fenton.

Resolutions endorsing Colonel  
Lowden were indorsed with much  
cheering, after which Gordon Ram-  
say, who had been active in the  
club's formation, called E. A. Baner-  
off to the chair. Then came the  
fireworks, in the form of crisp five-  
minute addresses by former Judge  
McKenzie Cleland, John T. Richards,  
former president of the Chicago Bar  
Association and who was recently the  
Progressives-independent nomi-  
nee for Superior court judge; form-  
er State Treasurer John F. Smulski,  
whom Charles S. Denen backed for  
the Republican mayoralty nomina-  
tion in 1911; Banker Charles G.  
Dawes and Frank H. Funk, Progres-  
sive party nominee for governor in  
1912.

Mr. Dawes pleaded earnestly for  
"a business man like Frank O. Low-  
den for governor," protested against  
the "campaign of personalities" in  
the governorship contest and declar-  
ed his "reliance upon the calm  
judgment of the people."

"The uncertainties and perils  
ahead of us," said Mr. Dawes in  
conclusion, "demand a man of the  
calibre of Frank O. Lowden."

"I have just come from a two  
days' automobile tour thru McLean  
and Ford counties, in the former of  
which I live," said Frank H. Funk  
of Bloomington. "My purpose was  
to determine Republican sentiment  
for governor. I was amazed by the  
strength of the sentiment for Col-  
onel Lowden, who I now predict not  
only will carry those two counties,  
but also the Seventeenth Congres-  
sional district. The farmers are for  
Lowden. He is a real farmer; he  
speaks their language."

"The Progressives," I find, gen-  
erally now are for Mr. Lowden, be-  
cause his platform is satisfactory and  
because they recollect how, as na-  
tional committeeman in 1912, he vot-  
ed to seat the Roosevelt dele-  
gates from Texas and otherwise  
showed his independence in voting  
at that time. Also, he is for a con-  
stitutional convention, which Illi-  
nois so much needs."

The resolutions adopted told of  
Colonel Lowden's career and attain-  
ment of prominence; his independ-  
ence and courage; his activity in the  
passage of Chicago's civil service  
law in 1895 and its popular adop-  
tion; his labors in Congress for plac-  
ing the nation's diplomatic and con-  
sular service on a merit basis and  
pledged him support in his campaign  
for governor, "as he will be no ex-  
periment, but will fulfill all the  
highest traditions of the great of-  
fice."

DAMAGED ALFALFA  
DECREASES MILKFLOW

Alfalfa balanced with corn chop  
proved an unsatisfactory ration for  
heavy milkers last season in the  
west, where the alfalfa had been  
badly damaged. Cows under careful  
records for several years were re-  
ported by milkmen as unable to hold  
up their flow on alfalfa, silage and  
cornmeal. Bran with a shorts left  
in and even an apparently overbal-  
anced protein ration with cotton-  
seed meal gave better results. Such  
is the varying quality of alfalfa.  
For small quantities of alfalfa the  
hay cap and long haysheds where  
the hay can be exposed to the air  
while protected from moisture seem  
to represent profitable plans of  
handling. With the larger fields  
the side-delivery rake and quick  
winnowing and cocking furnish the  
only insurance.—Breeder's Gazette.

## OBERMEYER-DANNERBERGER WEDDING IN LOUISIANA, MO.

Announcement Comes as Surprise to Many Friends of Well Known Morgan County Young People—The Ceremony Was Said Thursday, July 20.

Clifford Obermeyer, son of Mr. and Mrs. C. A. Obermeyer, 1651 Grove street, and Miss Marie Dannerberger, daughter of Mr. and Mrs. Frank Dannerberger, of Orleans, were married Thursday, July 20, in Louisiana, Mo., and after a short wedding trip the couple returned for a visit with the parents of the bride. Tho no especial attempt was made to keep the wedding secret, it has been only during the present week that definite news of the ceremony has become known. The surprise caused by the announcement has in no case detracted from the hearty congratulations tendered, and Mr. and Mrs. Obermeyer will be the recipients of many more good wishes.

The ceremony was said at 3 o'clock in the afternoon by Rev. Mr. Armstrong, pastor of the Louisiana, M. E. church. The young people left at once on their wedding tour, returning to Morgan county the first of this week. After Sept. 1, they will be at home to friends at the residence of the groom on Grove street. Mr. Obermeyer has always resided in Jacksonville and vicinity, attending the county schools as well as the city high school. He expects to continue his studies, planning to register in Illinois college next month. The bride was born and reared near Orleans and is reckoned a young woman of especial talent and charm. In her home community she has the regard and respect of all, possessing as she does a grace of manner which has won her lasting friends on every hand.

### THE BIRTH RECORD

Born to Mr. and Mrs. Charles Harber of 513 Pine street at Our Savior's Hospital Friday afternoon, a daughter.

### HOSPITAL NOTES

Miss Catherine Keenan who was brought to Our Savior's Hospital recently as the result of an accident at her home near Alexander was able to return to her home yesterday.

### WITH THE SICK.

A. B. Opperman the popular South Main street barber has been kept from his shop for several days by illness.

Harold Elliott of the fire department who has been confined to his home since Sunday was able to be out yesterday.

### AUTO TRIP TO YELLOWSTONE

Mrs. M. E. Layton recently received a letter from her daughter, Mrs. A. C. DeMary, telling of the automobile trip which Mr. and Mrs. DeMary recently took to Yellowstone park. They drove from their home in Rupert, Idaho, to the park and spent nine or ten days there. The auto journey thru the rugged country was made without mishap of any kind.

## NEW LUBRICANT RESISTS HEAT PREVENTS RAPID SEDIMENTATION

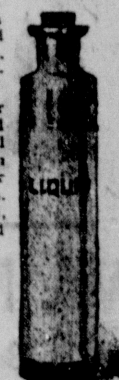

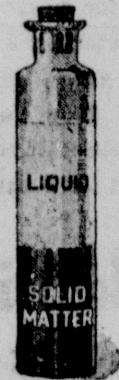

Ordinary oil breaks down under the terrific heat of an automobile engine. Within a few hours, black sediment is formed which partially clogs out the remaining liquid from the friction points where lubrication is most vital. Such under-supply of oil causes friction between the metal surfaces, intense heat, loss of power and expensive repairs.

The new lubricant that resists heat prevents rapid sedimentation, insures generous lubrication, and, except where mechanical faults exist, prevents carbon.

Relative Oil Destruction  
The contents of the bottles shown, illustrate the relative durability of ordinary oil and of Vedol. The new lubricant that resists heat. Vedol deposits only a small fraction as much sediment as ordinary oils.

There is a fundamental difference between ordinary oils and Vedol. Ordinary oils are unstable and therefore unserviceable because of non-heat-resisting chemical structure. Special processes of manufacture developed by this company and the use of Pennsylvania paraffine-base crude oil give Vedol, the new lubricant, its unusual chemical structure, and its remarkable heat-resisting ability.

**Make this test**  
Clean out the crank case. Fill with kerosene. Run the motor about thirty seconds under its own power; then draw out all kerosene and refill with Vedol.  
Now make a test run over a familiar road—up steep hills and along straight, level stretches. Keep a record of oil and gasoline mileage.  
You will find that your motor has altogether new pickup and hill climbing ability. Vedol enables you to get the maximum mechanical efficiency from your car and to reduce your expenses. Get a five-gallon can of Vedol, and make this convincing road test.

### AMENDMENTS TO CHILD LABOR BILL OCCUPY THE SENATE

WASHINGTON, Aug. 4.—Constitutional amendments for and against the child labor bill occupied the senate today, Senator Borah, Republican, maintaining that congress has authority to exclude products of child labor from interstate and foreign commerce and Senator Hardwick, Democrat, insisting that federal legislation of such a character was an infringement on the rights of the states.

Senator Borah asserted that the measure merely carried out the recognized police power of congress over interstate commerce.

Senator Hardwick charged both parties with "playing to political expediency" with child labor legislation and said he felt ashamed because his party had favored it in the St. Louis platform.

### PRESIDENT ACCEPTS RESIGNATION OF CAPTAIN VICTOR BLUE

WASHINGTON, Aug. 4.—President Wilson accepted today the resignation of Captain Victor Blue as chief of the bureau of navigation. He has been assigned to command the Battleship Texas, and will be succeeded by Commander Lee C. Palmer, now chief of staff under Vice-Admiral Coffman of the Atlantic Fleet.

Captain Blue was appointed chief of the navigation bureau a place, which carries the rank and pay of Rear-Admiral soon after Secretary Daniels took office. He has been anxious to return to an active command but has held up his resignation until personnel problems had been worked out by congress.

### TO INSTITUTE CONDEMNATION PROCEEDINGS TO OBTAIN SITE

SPRINGFIELD, Ill., Aug. 4.—Condemnation proceedings to obtain for the state a plot of ground south of the capitol building on which it is proposed to build the Illinois Centennial building were instituted here today by Attorney General Patrick J. Lucey. The bill recites that refusal of some of the property owners to sell their property at what is considered its real value, makes it necessary to condemn the property and fix the compensation under the law of eminent domain. Ten property owners are defendants, among them, Rufus M. Potts, state superintendent of insurance.

### LEAD MINES AT ROSICLARE HARDIN COUNTY TO OPEN MONDAY

SPRINGFIELD, Ill., Aug. 4.—Lead mines at Rosiclare, Hardin county, Illinois, which have been closed several weeks because of a strike, will open Monday, according to Colonel Richings J. Shand, assistant adjutant general, who returned from Rosiclare tonight.

Colonel Shand states differences between the miners and employers are near a settlement. Seven men are in jail on charges of shooting union miners, and two miners are at their homes suffering from bullet wounds. Violence between union miners and non-union guards resulted in the wounding of three men last Monday. Colonel Shand and James E. Morris, secretary of the state mining board, were sent to Rosiclare by Governor Dunne immediately after this shooting to investigate.

### ORGANIZE FEDERAL EMPLOYEES UNION

New York, Aug. 4.—A federal employees union was organized here tonight under the direction of the American Federation of Labor for the purpose of uniting all employees of the United States for the betterment of government service. The regulations provide that the members shall not support or join strikers against the government.

### CHARTER HUNDREDS OF AUTOS

New York Aug. 4.—Hundreds of automobiles have been chartered and many hotel reservations made by New York business houses as a preparedness measure to insure the service of their employees in the event of the street car strike causing a complete tieup of the city's ordinary means of transportation. Mobilization of automobiles owned by employees and firm members for morning passenger service is another step proposed.

### ASKS RECONSIDERATION.

Washington, Aug. 4.—Secretary Baker, with the support it is understood of President Wilson, requested senate and house conferees on the army appropriation bill to reconsider their decision accepting Representative Hay's amendment to the revised articles of war, which would exempt from the military criminal code officers and enlisted men on the retired list.

### GEO. B. YOUNG LOSES FIGHT.

Freehold, N. J., Aug. 4.—George B. Young, husband of the late Lillian Nordica, lost his fight for the possession of the million dollar estate of the singer in a decision given by Judge Lawrence here today. Judge Lawrence held that the will of 1914 leaving the bulk of the estate to three sisters of Mme. Nordica should be admitted to probate throwing out the will of 1910, which named the husband as the chief beneficiary.

### AGREE ON MANY PROVISIONS

Washington, Aug. 4.—Conferees on the naval bill reached an agreement today on many minor provisions of the measure and will take up the big personnel and building increases next week. Chairman Tillman said he hoped a complete report could be made before the end of the week.

### SOCIAL EVENTS

#### Mrs. D. O. Gordon Announces Daughter's Marriage.

Mrs. D. O. Gordon entertained a number of young ladies Friday afternoon at her home three miles south of Litterberry, at a Kensington party, at which she announced the engagement of her daughter, Miss Lucille Gordon, to Milton Batchelder of Decatur.

The home was prettily decorated the dining room being done in green and yellow. From the center of the table ran streamers to each plate. At the end of these were place cards with the names of the bride and groom to be, and the date, September 2, 1916.

Miss Gordon is a young lady well known in Morgan county, having taught school here for the past three years. The prospective groom is a prominent young farmer of Macon county, where the young people expect to reside.

Guests from a distance at the party were, Misses Ina Batchelder, Mildred Brown and Cathleen Brown of Decatur, Miss June Coultas of Winchester, Miss Myra Camp of Anconia, Miss Lyla Jones of Springfield, and Miss Virginia Gordon of Lynville.

#### C. W. B. M. Has Interesting Program.

"The Centennial Campaign in Interdenominational Work" was the theme Friday afternoon at the August meeting of the C. W. B. M. in the entertainment hall of Central Christian church. Miss Viola Huff had charge of the devotional service and Mrs. Alva L. Snyder, arrayed in native costume, gave a very interesting talk on the Filipino woman. A number of views of the Philippines, shown by Mrs. Snyder, were enjoyed by all.

Mrs. Walter R. Humphrey of Lexington, Ky., was present as a special guest. She gave a highly profitable discussion of the work of the C. W. B. M. auxiliary in Lexington.

### MATRIMONIAL

McDermott-Derdeyn.  
The wedding of Marie Sylvia Derdeyn, daughter of Mr. and Mrs. Hector Derdeyn, and John Lawrence McDermott was solemnized Friday morning at 10 o'clock, Rev. Father William Sloan, celebrating the nuptial mass at the Church of Our Savior. The young people were attended by Miss Mary Reed and by Marcel Derdeyn, brother of the bride. At 1:30 o'clock the wedding party went to the Colonial Inn and enjoyed a well served five course luncheon. Miss Reed and Mrs. Patrick Quigley were present, both at the ceremony and luncheon, in addition to members of the family.

Mr. McDermott resides in Munhall, Pa., and has for several years held a cashier's position with a bank in Pittsburgh. The bride was born in Belgium and since coming to America has made her home in Pittsburgh. She is a young woman of great musical talent and after the luncheon at the Inn, favored the guests with an informal program of vocal and instrumental selections.

Mr. and Mrs. McDermott left on their wedding tour this morning, taking the 1:55 Chicago and Alton train for Chicago. They will enjoy a lake trip of two weeks, before taking residence in Pittsburgh.

### NEW BARBER FIRM

## Baking Powder Biscuits

Light as a Feather

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

Baking Powder Biscuits made by this recipe are so far ahead of ordinary baking powder biscuits that, if once tried, you will never use any other recipe. Try it the next time you run short of bread. Save this recipe.

K.C. Baking Powder Biscuits

Three cups flour;  $\frac{1}{4}$  to  $\frac{1}{2}$  cup shortening; 3 level teaspoons K.C. Baking Powder; about 1 cup milk or water; 1 teaspoonful salt.

Sift three times, the flour, salt and baking powder. Work into the flour the shortening, using lard or butter for shortening. Then mix to a very soft dough with the milk. The softer the biscuit enters the oven, the lighter it comes out. Never knead baking powder biscuits; press the dough into shape and roll lightly. Cut in small shapes and bake on a sheet or very shallow pan in a hot oven. In placing biscuits in the pans place well apart, not allowing edges to touch. Small biscuits are better than large ones. Large biscuits do not have the proper amount of time to raise and bake.

Have you seen the new K.C. Cook's Book? Brimful of appetizing recipes that simply must be successful every time if the few simple directions are carefully followed. You would gladly pay 50 cents for this valuable book, yet we send it absolutely free upon receipt of the colored certificate packed in every 25-cent tin of K.C. Baking Powder. ## NATIONAL WOMAN'S PARTY HAS CAMPAIGN MACHINERY READY

Workers for the Several Suffrage States are Announced—Final Outline for Campaign Will Be Known after the Conference at Colorado Springs.

Washington, Aug. 4.—With all its political machinery ready for the presidential election campaign, the National Woman's Party now is only awaiting its conference at Colorado Springs, August 10 to 12, before getting actively into the fray. After the final word goes out from Colorado Springs defining the part the Woman's Party is to play in the year's political struggle, the federal woman suffrage workers will begin in deadly earnest to make things political hum in the twelve western equal suffrage states.

State campaign managers and stump speakers to tour the states already have been selected; districts down to the smallest political units have been, or are in rapid process of being organized; national headquarters for the party have been established in Chicago; and much valuable campaign literature has been prepared, including congressional and other statistics, maps, cartoons, and appeals from the eastern to the western women for their help. The stump speakers number women of national prominence as campaign orators, among them being Mrs. Charlotte Perkins Gilman, Mrs. Rheta Childe Dorr, Mrs. Harriet Stanton Blatch, Miss Helen Todd, Mrs. John Rogers, Miss Rose Winslow and Miss Crystal Eastman, all of New York; Mrs. J. A. H. Hopkins, of Morris-town, N. J.; Mrs. Sara Bard Field, Miss Gail Laughlin and Miss Maud Younger of San Francisco; Mrs. Dora Phelps Buell, Denver; Mrs. Wm. Kent, Kentfield, Cal.; and Mrs. Ida Finney MacKille, Sacramento, Cal.

Miss Anne Martin, of Reno, Nevada, chairman of the Woman's Party national committee, from the Chicago headquarters will direct all the main features of the campaign, leaving as much as she can to the various state campaign managers, of whom there will be two in each state, one to remain at the central headquarters, the other to tour the state arranging for meetings, speakers and so on.

### Arizona

In Arizona the campaign managers will be Mrs. E. St. Clair Thompson, Bakersville, N. C., and Miss Katherine Morey, Boston. Mrs. Thompson, who has recently become a voter in Arizona, is an experienced organizer. She is southern field secretary for the Congressional Union, and has worked in Oregon, New Mexico, Texas, Colorado, and Arizona, organizing every county in Arizona.

Miss Morey helped to start the Woman's Party at its Chicago convention in June. She is treasurer of the Massachusetts branch of the Congressional Union. She, too, has become a western voter, having taken out her papers in Kansas. She was on the "Suffrage Special" tour of the West several months ago.

### California

In California the campaign managers will be Miss Doris Stevens, Omaha, and Mrs. Clara S. Wolff, Austin, Texas. Miss Stevens, an Oberlin graduate, is chairman of the Congressional Union national organization department and has organized branches in many states, all the way from Maine to Arizona. She has been campaigning for the Congressional Union for more than two years.

Mrs. Wolfe is the wife of Otto Wolfe, professor of economics in the University of Texas. She has taken part in campaigns in Wisconsin and Ohio, and helped form the Texas branch of the Congressional Union for Woman Suffrage.

### Colorado

In Colorado the campaign will be in charge of Mrs. Florence H. Hill, Wilmington, Del., and Miss Ella Riegal, Bryn Mawr, Penn. Mrs. Hill is the daughter of the late Secretary of State Bayard, under Cleveland, and our first ambassador to Great Britain. She is chairman of the Delaware branch of the Congressional Union, and was a speaker on the "Suffrage Special" trip.

Miss Riegal, a Bryn Mawr graduate, was business manager of the "Suffrage Special." She has contributed liberally to the federal amendment cause; and is a member of the national legislative committee for Pennsylvania.

### Idaho

In Idaho the campaign managers will be Mrs. A. C. Muhse, New York, and Miss Frances Frothingham, Chicago. Mrs. Muhse is a graduate of the University of Indiana and a Cornell Ph. D. She has travelled extensively in the Orient studying the conditions of women there, and lectured on the subject. She was an organizer in the Pennsylvania referendum campaign, and helped to organize the Woman's Party convention.

Miss Frothingham is a young and earnest campaigner for the Woman's Party and was active in the preparations for the convention. Among other accomplishments, she is a talented musician.

### Illinois

In Illinois there will be three campaign managers, Miss Elsie Hill, Norwalk, Conn.; Miss Emma Grant, St. Paul, Minn.; and Mrs. Jessie Hardy MacKaye, Washington, D. C. Miss Hill is a Vassar girl, studied in France and has been active in college suffrage league work. She formed

branches of the Congressional Union in Illinois, Indiana and Minnesota. Her headquarters will be in Chicago.

Mrs. MacKaye is a native of Illinois, but having married an eastern man, lost the partial enfranchisement which she, as chairman of the legislative committee of the Illinois Suffrage Association, herself helped to gain for the women of Illinois.

Miss Grant has been in charge of the social service in the hospitals of St. Paul. She has been an organizer for the Minnesota Woman Suffrage Association.

### Kansas

In Kansas the campaign managers will be Miss Vivian Pierce, San Diego, Cal.; and Miss Mildred Taylor, New York. Miss Pierce, a newspaper woman, became interested in federal woman suffrage work during the Woman Voters Convention at the San Francisco Exposition last year. Her mother is a Persian.

Miss Taylor was one of the New York organizers for the Women's Political Union. She was considered one of their best workers.

### Montana

In Montana the campaign managers will be Mrs. Abby Scott Baker, Washington, D. C., and Miss Clara Louise Rowe, Syracuse, N. Y. Mrs. Baker who has been press chairman for the Woman's Party and for Congressional Union and was in charge of the publicity work on the "Suffrage Special" trip, is known personally to hundreds of newspaper editors throughout the country. She is the wife of a Washington physician, and comes of distinguished army ancestry. She has one son, a young officer in the Navy; another who is a champion lacrosse player; and a third, still in college, who is a tennis player.

Miss Rowe, a graduate of Syracuse, campaigned in the New York state referendum and was an organizer for the Woman's Political Union. She assisted in legislative work here, worked in Delaware and then went to Montana where already she has organized most of the counties. She is an excellent speaker.

### Nevada

In Nevada the campaign managers will be Miss Mabel Vernon, Wilmington, Del., and Miss Alice Henkle, Chicago. Miss Vernon, a Swarthmore graduate, is secretary of the National Woman's Party and western secretary of the Congressional Union. She has been in Colorado Springs arranging for the Woman's Party conference to be held there August 10 to 12.

Miss Henkle, who was up in the Michigan woods enjoying a pleasant vacation when she was telegraphed to asking if she would go to Nevada to work, replied, "I will." She was active in the Chicago convention of the Woman's Party.

### Oregon

In Oregon the campaign managers will be Miss Mary Gertrude Fendall, Baltimore, and Miss Margaret Whittemore, Detroit. Miss Fendall, a Bryn Mawr graduate, has been in Washington, D. C., for some time past studying organization methods under Miss Alice Paul.

Miss Whittemore founded branches of the Congressional Union in Michigan, California and Washington. As a result of her preparations for the "Washington meetings" of "Suffrage Special" trip, these meetings were said to have been the best held. She is a granddaughter of the first Michigan suffragist worker.

### Utah

In Utah the campaign managers will be Miss Jane Pincus, Albany, N. Y., and Miss Kathleen Taylor, New York. Miss Pincus, a Syracuse graduate, organized in New York for the Woman's Political Union during the state referendum. In the national congressional campaign two years ago, she campaigned in Arizona.

Miss Taylor, an organizer for the Women's Political Union in New York, was considered one of, if not its best organizer.

### Washington

In Washington the campaign managers will be Miss Julia Hurlbut, Miss Agnes Campbell, both of Morristown, N. J. Miss Hurlbut, who was vice president of the New Jersey branch of the Women's Political Union, turned at the close of an unsuccessful referendum there to federal work, seeing that the state method of getting the vote was hopeless. She is an experienced speaker, has had long training in state as much in national campaign work.

Miss Campbell, a Bryn Mawr graduate and a descendant of Elihu Yale, like Miss Hurlbut gave up state go into national work after the New Jersey defeat. She is an excellent speaker, particularly in outdoor work.

### Wyoming

In Wyoming the campaign managers will be Miss Margery Ross, Pittsburgh, and Mrs. W. D. Ascough, Hartford, Conn. Miss Ross has become a voter in Wyoming, went into the federal work after the Pennsylvania referendum failed. She has organized all Wyoming for the Woman's Party and has worked also in Idaho.

Mrs. Ascough, like Mrs. MacKaye, is another western woman who lost her vote by marrying an eastern man. She was from the state of Washington. She was one of the speakers on the "Suffrage Special" trip, and is chairman of the Connecticut branch of the Congressional Union for Woman Suffrage.

Clifford Wiswell and Chester Brainerd of the Grace Chapel neighborhood were attending to business matters in the city yesterday.

### RETURN FROM CANADA

Misses Elizabeth and Winnifred Cain and Miss Lillian Loneragan returned yesterday from a journey in Canada. They visited in Quebec, Montreal and Toronto and took a trip along the St. Lawrence river. They reported a delightful trip and much cooler weather than is found in this section of the country. They were gone three weeks.

William A. Hickox has gone to Carrollton and other points for a visit of several weeks with friends and relatives.

## LESS FAVORABLE CROP NEWS

MODIFY TRADE REPORTS

Reduced Crop Estimates Have Not Raised Doubts as to Maintenance of Forward Movement in Business.

New York, Aug. 4.—Dun's Review tomorrow will say: "Exceptionally gratifying reports regarding trade, industry and transportation are somewhat modified by less favorable news from the agricultural regions. Yet the reduced crop estimates have not raised doubts as to the maintenance of the forward movement in business."

"Notwithstanding the magnitude of previous purchases, many interests are disposed to extend commitments further, being prompted to cover far distant needs by fears of a growing scarcity of supplies and the possibility that prices may go still higher. Weekly bank clearings \$4,167,040,039."

## MICHIGAN RAILWAY PURSE

FEATURES KALAMAZOO MEET  
Lindsey Wins Event for Trotters That Had Never Won \$2,000 Gross Nor Have a Time or Race Record Faster than 2:14.

Kalamazoo, Mich., Aug. 4.—The local Grand Circuit meeting ended today with three events on the card. The 2:06 trot was called off because of insufficient starters.

The feature of the racing today was the Michigan Railway company's \$2,000 purse race on the three heat system and for trotters which never won more than \$2,000 nor had a race record faster than 2:14.

The winner of the race was Lindsey driven by Lon MacDonald with \$600 to his credit. Briscoe was second with \$550 and Grand Chimes third with \$380.

The best for the race was 2:08 3/4. Valentine uncovered two good pacers in Goldie C. and Miss Rejected. He won the 2:08 pace with the former and the 2:19 pace with the latter. Both events were won in three straight heats.

Many of the stars of the Grand Circuit are already on their way to Pittsburgh where racing will be held next week.

Summary:

Gr at Western Meet.  
Peoria, Ill., Aug. 4.—The Great Western meet closed here today with Peter Pointer, a fifty to sixteen shot capturing first place in the 2:18 pace. Baron Robinson took both heats in the three year old trot but was closely pushed by Bintara.

Widower Peter, a bay gelding, took the 2:19 trot without any trouble. In the 2:09 trot Exall took the first three heats.

Summary:  
Three year old trot—Baron Robinson, first; Bintara, second; Axworthy, third. Best time 2:10 1/2.  
2:19 trot—Widower Peter, first; Brady, second; Margaret Helm, third. Best time 2:10 1/2.

## ORIGIN OF LAUGHTER.

Carrying the Analysis Back to the Lowly Prehistoric Clam.

Laughter is an involuntary physical reaction. Hughlings Jackson calls it "one of the innumerable epilepsies to which man is subject." It is apparently a universal heritage, though certain causes may operate more powerfully upon one individual than upon another to produce it. In the little child whose sensibilities are uncomplicated by any mental experience unless they be racial ones the shock of delicate touch—tickling, as we call it—first causes laughter. Why?

The claim of our psychologist carries us a long leap backward to the most elemental form of animal life. Beyond the savage stands the monkey and dimly far beyond him the mollusk, whose only sense was that of touch. Picture this great-grandfather of living things lying motionless save for those nervous, fluttering, sensitive feelers extended to play the part of sight and hearing. A bit of seaweed bumps against them. A spasm racks the mollusk's whole being, crushing him into his shell until the surprise has abated; then the fact that no further attack follows brings relief.

This is the germ of the cause of our laughter spasm—a sudden shock, instantly followed by a feeling of relief. Only such shocks as were followed by relief became racial memories. Where relief did not follow the clam did not live to leave a heritage.—Burgess Johnson in Harper's Magazine.

## SPOILED HIS SYSTEM.

He Thought It Couldn't Be Done, but He Is Wiser Now.

I know a man who wears his shirts in chronological order—that is, if he buys a new shirt he tags it with his initials, numbers it and places it at the bottom of the pile. And, no matter how much he likes it, he does not wear it until it comes out at the top of the pile. He went into worldly detail about the economy of his system, and he added that he arranged his socks and underwear in the same manner.

I told him that he would meet the woman of his dreams some fine day and that she would knock the spots out of his system. I told him that she would admire a particular shirt, caress its delicate stripes lovingly and ask why he didn't wear it oftener. And then he would send it to the laundry as soon as it was soiled and wear it as soon as it got back, and he would buy other shirts like it, and he would ruin the system.

"Don't you believe it?" he said. "The person doesn't live who could upset my system!"

But I met him a few days ago—for the first time in a year. He was hurrying to catch a car, so I had only time to ask him how he was and how things were going. And he didn't have time to explain. He only shouted over his shoulder jubilantly, "I'm wearing 'em every which way!"

And I hadn't even heard he was married.—Cleveland Plain Dealer.

## Crossing the Bar.

Tennyson's famous poem "Crossing the Bar" was written, said his son, in the poet's eighty-first year "on a day in October when we came from Aldworth to Farringford. Before reaching Farringford he had had the 'moaning of the bar' in his mind, and after dinner he showed me the poem written out. 'That is the crown of your life's work,' said his son, who was the first man after the poet to read 'Crossing the Bar' and who passed the first criticism upon it in such fitting and generous language. 'It came in a moment,' said the poet, and he explained the plot as the Divine and Unseen, who is always guiding us. A day or two before he died the poet, calling his son to his bedside, said, 'Mind you put 'Crossing the Bar' at the end of all editions of my poems.'

## The Forehead and Health.

The forehead is the first feature of the face to show indisposition. The minute one's stomach is out of order there will be yellow spots on the brow. When one feels faint the forehead will instantly show it. When one is sick there will be freckles and pimples upon the brow, which was smooth and clear before. The forehead is as good an indication of one's general health as is the pulse.—London Globe.

## Ugly Comparison.

"Dad, what do they mean by perennial?"  
"Continuing from year to year," answered pop.

"Like my hat," interposed ma.  
And then there was a deep, portentous silence.—Providence Tribune.

## Fatal Anyhow.

"Won't you try a piece of my wife's angel cake?"  
"Will it make an angel of me?"  
"That will depend on the kind of a life you have led."—Houston Post.

## Transcribing the Unreal.

"The poem 'Kubla Khan' was transcribed from a dream."  
"I could make a great moving picture scenario from some of the nightmares I have."—Kansas City Journal.

## Selecting a Name.

"I think I'll start a magazine to be called 'Umbrage.'"  
"Why that somewhat unusual name?"  
"People are so apt to take it."—Louisville Courier-Journal.

## EXCEPT FOR FIRST HOUR STOCKS SHOW INCREASING APATHY

Conflicting Crop News, Labor Conditions, Additional Excellent Railway Earnings and the Further Easing of Money Rates are Ignored.

New York, Aug. 4.—Nothing in today's listless market differed in any essential particular of the recent sessions. Except for the first hour the record was one of increasing apathy. Conflicting crop news, labor conditions, additional excellent railway earnings and the further easing of money rates were ignored.

Shipping shares were the leaders, so far as activity was concerned, the turnover in mercantile marine common and preferred at moderate gains far exceeding any other issue. Motor shares rallied slightly, from their low levels of yesterday. Petroleum shares were slightly more steady and munitions were apathetic with metals. Sugars suffered from further attrition.

United States steel, which was relatively inconspicuous, held steady with rails most of the day, but the later shade nominally in the final hour.

Total sales of stocks amounted to 220,000 shares.

The irregular bond market followed the course of stocks and lacked special features.

Total sales par value were \$3,480,000.

United States bonds were unchanged on call.

### MRS. ELMENDORF'S FAVORITE BOOKS IN LIBRARY HERE

List of Works Compiled by Former President of National Library Association Suggests "Books With a Message."

Mrs. H. L. Elmendorf, former president of the National Library Association, is the compiler of a list of works, remarkable for the extent to which multitudes of readers have derived from them personal help and encouragement. Each of the books is in the Jacksonville public library. "It is doubtful if any list of books can wisely, even safely, be recommended for another's reading, except perhaps lists of books of fact or pure information," says Mrs. Elmendorf.

We all need from time to time, awakening, or stimulus, or encouragement or knowledge, or vision. The group of books below have one by one come to me with a message along one or another of these lines.

Just regard this list then as a few words of acknowledgement and praise for some friends of mine. Some of them may already be friends of yours. May others prove to be.

Abbott, Lyman—America in the Making.  
Dr. Abbott shares the belief of Israel Zangwill's David—"God is Making the American." "But God works thru men. If the American is to be made he must be made by Americans. What can we do to make the American of the future such that we shall have a right to be proud of our handiwork?" Adams, Jane—Spirit of Youth in the City Streets.

A lucid even poetic plea for public provision for decent amusements for the youth who are massed in cities and towns in the cramping unsocial ways of industrial toil. She sees clearly that the inborn, indispensable instinct of young life to seek joy and romance should be satisfied and guarded.

Allen, William Harvey—Woman's Part in Government whether she Votes or Not.  
It aims not to settle but to raise questions.

Antin, Mary—The Promised Land.  
"It belongs to virtue of its direct and vivid style and the importance of its message—with the Autobiography of Franklin, Jacob Riis's Making of an American, the Reminiscences of Carl Schurz and Booker Washington's Story of My Life. It is a tale told with glowing enthusiasm of the transformation under the influence of new surroundings, of a benighted Russian-Jewish girl into an enlightened public spirited American."—Nation.

Cabot, Richard Clark—What Men Live By.

The author urges the use of four cures, work, play, love, worship—to bring the patient and all others into the currents of "real life." Each cure he dwells on interpretively and with a broad minded spirit and general outlook.

Eastman, Max—Enjoyment of Poetry.

"The purpose of the book," so begins the preface, "is to increase enjoyment." And this is precisely what it does to the ninth degree. The book disabuses our minds of the superstition that poetry is a matter of writing table ecstasy or verbal virtuosity. Rather it is the better half of our being—the half that is not a means to any end but is self-justifying. It enables us to taste and appreciate all experience."—Chicago Evening Post.

Fosdick—Harry Emerson—Second Mile.

The spirit of this principle divides a man's conduct into two parts, the things he must do and the things he chooses to do. It says that only as the voluntary over-spends and saturates the necessary can life cease to be slavery and come to its full meaning of dignity and value. Until willingness overflows obligation men fight as conscripts instead of following the flag as patriots. Author.

Gulick, Luther Hasley—Mind and Work.

The success that I am talking may and I believe usually does, secure external success but the real thing is inside. It consists, of real self-control, the ability to see and live in what is true. It results in health, sanity, wholesomeness, friendliness, usefulness, happiness. Preface.

Schauffer, Robert Haven—The Joyful Heart.

Jean Finot is right in declaring that people who are nobly happy constitute the power, the beauty and foundation of the state. The book tries to show the cup of joy may not only be kept full for one's personal use, but also be made hospitably to brim over for others. Foreword.

Smith, William Hawley—All the Children of All the People.

"The author's conclusion is—"The situation demands of our public schools that they fit all the children of all the people for all the duties of life for which God has given them power."

Usher, Roland Green—Rise of the American People.

The book tries to give a lucid account of results, not processes, to explain briefly the meaning of the facts of national development.

WILL HAVE EYE REMOVED

Carl Coakley who went to Springfield Thursday to consult Dr. Arthur E. Prince about his injured eye stated Friday that there was no hope of saving it. He probably will undergo an operation for its removal within a few days.

Mrs. E. C. Lambert returned yesterday from a trip in the southern part of the state in the interest of the Illinois Woman's College.

### JOHN LAVERY DEAD AT HOME IN CARROLLTON

Well Known Citizen There Left \$60,000 Estate—Greene County Corn Badly Damaged by Dry Weather

Carrollton, Ill., Aug. 4—John Lavery, a bachelor, 60 years old, died here last night. He leaves an estate valued at \$60,000.

Hon. W. A. Hubbard has withdrawn from the race for representative in the 38th district and has entered the race for state senator against S. D. Canaday.

Miss Genie Pierson is spending the summer in Los Angeles.

The growing corn in the poorer land in this county has been practically ruined by the excessive heat and drought of the past month.

The engagement of Miss Mildred Kergher of this city to Mr. Frank Huffaker of Jacksonville has been announced.

Greene county has 50,000 acres of farm lands protected from overflow by levees and for this reason is opposed to any more drainage ditches that will increase the flow of water in the Illinois river, endangering the levees in flood times.

The State Highway Commission and the Board of Supervisors have arranged about 15 miles of road in Greene county which may prove a good dust settler, but a poor permanent road improvement.

Supt. E. A. Doolittle of the Carrollton public school is spending his vacation up on Lake Michigan.

The W. E. Greene farm of 640 acres near Rockbridge in this county was sold this week to Joe Longmeyer for \$28,000.

### WAR CONDITIONS HAVE EFFECT ON HOSIERY MARKET

American Manufacturers Called Upon to Supply a World Demand.

Like every other line of manufacturing in the United States, that of hosiery is affected by the war conditions.

The world at large has been buying the bulk of its manufactured goods from England, Germany, France and Italy. Germany has been eliminated entirely for nearly two years. The balance of the manufactures in Europe have discontinued their commercial business, and are manufacturing for the armies.

They are making clothing, underwear, hats, caps, shoes, stockings, blankets, munitions and articles used in active warfare, etc., etc., about fifteen million men in the field. They are also drawing upon the United States for much of their raw material, and in some lines have cleaned us out of stock, producing a famine of manufactured goods throughout the world. The countries of South America, Australia, Africa, and all others are begging for goods of every description, regardless of prices, and the United States is the only one to come to.

Many American manufacturers are throwing their American business overboard, and are taking on foreign business at more profitable prices. Raw materials of every kind have advanced to new price records, and it would seem as though conditions must become much worse, unless the war stops.

Speaking specifically about hosiery—Hisle, mercerized and silk threads have advanced from twenty-five per cent. to fifty per cent. and more; and slow deliveries have seriously interfered with production. There is, also, very little change in the dye situation now well understood. Labor is demanding its share, and has been granted an increase of from five per cent. to ten per cent. in wages—but the most serious phase of this problem is the scarcity of labor, due to the abnormal activity of many of the munition plants. These concerns are able to offer superior inducements to labor, over legitimate manufacturers, who are losing much of their valuable help as a result.

### CHAUTAUQUA TICKETS AND TENTS

Subscribers for season tickets at One Dollar are requested to call for their tickets at their earliest convenience.

Persons desiring tents should be in as soon as possible.

### MYRTLE ALLEN WILL LEAVE

In the county court yesterday Mrs. Myrtle Allen Hegarty entered a plea of guilty in two cases wherein she was charged with selling liquor in anti-saloon territory and she was committed to jail thirty days in each case. An order was entered whereby capias and mittimus will stand until August 15. This means that the defendant has until that date to leave Jacksonville and if she returns any time the fine and sentences will be imposed. The pleas of guilty were made by arrangement with State's Attorney Hairgrave, the understanding being that Mrs. Hegarty will leave Jacksonville before August 15. It is understood that she expects to become a resident of Dayton, Ohio.

State's Attorney Hairgrave and the other authorities take the view that what Jacksonville wants is to be rid of bootleggers and other offenders against the law, and that the mere imposition of a fine or a jail sentence may not result in any special benefit, but if the law breaker becomes residents of some other city Jacksonville people will be better off.

J. T. Fox was a business visitor in the city yesterday from St. Louis, representing the El Paso and Southwestern railroad.

### MAKING YOUR WILL

Have You Put Off This Important Task, and, if So, Why?

### DRAWING UP THE DOCUMENT.

Rules by a Probate Law Authority That Tell Just What to Do and What Not to Do in Making a Last Testament Secure in Its Provisions.

"More than 97 per cent of Americans die without making a will," says Frederick Halsey in the American Magazine. "Have you made yours? It is conceded by legal authorities that it is the duty of every person to leave a written will in order that the estate may be closed, the property divided among the proper beneficiaries and that the family or friends may have the benefits of the property, yet more than 80 per cent of the holders of valuable property neglect this duty."

"The old superstition that the man who makes a will writes his death warrant is one of the chief causes of delay in making proper provision for the distribution of any estate after death. It is hard to calculate what percentage of men and women believe this superstition, because the majority will deny it. Court experts know that the percentage is large. Yet life insurance figures, taken in comparison with dates on wills, seem to show that instead of being correct the superstition is without basis and that men who have made wills have lived longer than the average."

Charles S. Cutting, who is one of America's foremost authorities on probate law, gives the following directions for making a safe will that can't be broken:

Before you consult anybody decide how you propose to leave your property.

If the disposition to be made is simple any ordinarily skilled person can draw your will.

If your will is complicated, including trusts, life estates and so forth, employ the most skilled draftsman within your acquaintance.

Do as your legal adviser tells you as to matters concerning which there may be doubt.

Be sure to comply with all formalities required by the statute, especially the following:

Subscribe your name to the will in the presence of witnesses.

Declare it to be your will in their presence.

Have at least two witnesses sign in your presence.

If you sign by mark or for any reason are unable to write your name, have at least three witnesses to the fact of your signing by mark or that you requested some other person to write your name.

Ask people who have long known you and who have no doubt as to your sanity to be witnesses.

Place your will in the custody of some perfectly responsible person or corporation or in some receptacle, as a safety deposit vault, which cannot be opened after your death without the presence of public officials.

Remember that any provision you make for your wife is an offer to her to purchase from her her statutory rights and that if she chooses she may reject your offer and take under the statute.

Don't put off making a will until you are ill and your disinherited relatives will say that your mind is affected.

Don't believe that making your will will hasten your death.

In states where the statutes give a widow dower only in her husband's real estate don't get the idea that she will be the owner in fee of one-third of his realty.

Don't attempt to tie up your estate for a long period, providing for ultimate distribution in the distant future. Courts are very apt to find ways to construe such a will contrary to your intention.

Don't let your will be the vehicle of conveying to posterity your hatred or dislike of individuals.

If you are wealthy and have provided well for your family don't forget the obligation you owe to the community.

Don't attempt to change your will after it is written and witnessed by drawing lines across certain portions of it and writing in other directions. Such attempts will fail.

Don't make a nonresident of your state executor of your will. Many states will not permit him to act.

Don't have the man you selected as executor sign as a witness. It may disqualify him.

Don't allow any legatee or devisee in your will to sign as a witness. If he does he may lose his legacy or devise.

If you wish to add a codicil to your will don't fail to have the codicil refer unmistakably to the will and to attach the codicil thereto physically.

Don't hesitate to change your will by codicil or otherwise whenever you see fit.

### Impossible Ones.

"He was a born fisherman and could swear to the truth."

"He sought the office only for his country's good."

"He took his own advice and never failed to practice what he preached."

"He presumed that an editor's time has a certain value, always wrote briefly and to the point and never stopped his paper because he knew it all before it got into print."—Atlanta Constitution.

What narrow innocence it is for one to be good only according to the law.—Seeger.

# RAILROAD WAGES

Shall they be determined by Industrial Warfare or Federal Inquiry?

To the American Public:

Do you believe in arbitration or industrial warfare?

The train employees on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a 100 million dollar wage increase.

The railroads are in the public service—your service. This army of employees is in the public service—your service.

You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar from you goes to the employees.

On all the Western railroads in 1915, seventy-five per cent of the train employees earned these wages (lowest, highest and average of all) as shown by the pay rolls—

	Passenger		Freight		Yard	
	Range	Average	Range	Average	Range	Average
Engineers	\$1747 3094	\$2195	\$1537 3076	\$2071	\$1056 2445	\$1378
Conductors	1543 2789	1878	1454 2933	1935	1151 2045	1355
Firemen	1033 2078	1317	751 2059	1181	418 1552	973
Brakemen	854 1719	967	874 1961	1135	862 1821	1107

The average yearly wage payments to all Western train employees (including those who worked only part of the year) as shown by the 1915 payrolls were—

	Passenger	Freight	Yard
Engineers	\$2038	\$1737	\$1218
Conductors	1772	1624	1292
Firemen	1218	973	832
Brakemen	921	1000	1026

A 100 million dollar wage increase for men in freight and yard service (less than one-fifth of all employees) is equal to a 5 per cent advance in all freight rates.

The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employees' representatives.

Shall a nation-wide strike or an investigation under the Government determine this issue?

DOUBLE ANNIVERSARY WILL BE  
HELD AT MURRAYVILLE

Rev. Father Connolly Ordained to  
Priesthood Twenty Five Years Ago  
—Sister Married Same Year

At Murrayville Sunday two anniversaries will be celebrated which will be of more than ordinary interest to residents of that town and vicinity. One is the celebration of the twenty-fifth anniversary of Rev. Father Connolly's ordination to the priesthood. The other is the twenty-fifth anniversary of the marriage of Mr. and Mrs. James Begnel of Murrayville. Mrs. Begnel is a sister of Father Connolly.

Father Connolly was ordained a priest at St. Francis Academy Milwaukee. He spent some time with the Bishop at Alton and then was in charge of a church at Carlinville. Twenty-three years ago he went to Tucson, Ariz., where he has since been engaged.

At the anniversary celebration Sunday morning solemn high mass will be said with Father Connolly as celebrant. This service will be at 9 o'clock. At noon dinner will be served at the home of Mr. and Mrs. James Begnel.

In addition to the members of the family, the Rev. Father Spaulding Vicar General of Alton, Rev. Father Ryan of Kansas City, Mo., and Mrs. Diggins of Alton will be present.

The anniversary is held at this time on account of the distance Father Connolly had to come to be present. Father Connolly's ordination to the priesthood occurred in June of 1891 while Mr. and Mrs. Begnel were married in October. This was the only time that Father Connolly could leave his work, hence the celebration is held at this time.

MR. HAIRGROVE WON TAX  
SUIT IN QUINCY COURT

Estate of H. A. Williamson Must Pay  
\$7,814.30 to the State—Case  
Sharply Contested.

Attorney William N. Hairgrove has returned from Quincy where he won a signal victory in an inheritance tax case which involved the estate of H. A. Williamson which was valued at over \$300,000. Mr. Hairgrove is inheritance tax attorney for this district. The decision was given by Judge Carl Epler and the amount of the tax was fixed at \$7,814.30.

Shortly before Mr. Williamson died he conveyed all his property to his heirs so that he died practically without property. Mr. Hairgrove took the stand that the transfers were in contemplation of death and were therefore subject to inheritance tax under the law. The special appraiser Judge Epler upheld the contention of Mr. Hairgrove.

There was an array of attorneys for the estate, Lawrence W. Emons, John E. Wall and Theodore Pate of Quincy and Attorney Miller of Chicago. Mr. Hairgrove was assisted by Emory Lancaster of the firm of Govett and Lancaster.

Recently the estate of Charles H. Condit of Winchester was assessed the sum of \$600 for inheritance tax. In the estate of the late Dean J. W. Crowe of this city Walter V. Wright the special appraiser fixed the tax at \$330. This was based on a bequest of \$10,000 to a foreign church corporation for the saying of masses for the repose of the soul of the testator and \$1,000 bequeathed to the housekeeper of the deceased. The points at issue in this case were unusual and Mr. Hairgrove went into the questions carefully. All of his contentions were sustained.

AUTO PARADE WILL BE  
GREAT CHAUTAUQUA FEATURE

Will be Held on Good Roads Day—  
Valuable Cash Prizes Offered.

The committee which has in charge the arrangements for the automobile parade August 23 in connection with the Jacksonville chautauqua have secured an excellent list of prizes. More than \$130 in general prizes will be offered and there are in addition a number of valuable special prizes. The entire list is given below. The parade is to be feature of good roads day Wednesday, August 23, and is to move at 1 p. m. The line of march which terminate at the chautauqua grounds is to be announced later. The parade last year was a great success and attracted such attention and much favorable comment that the chautauqua management determined that another parade must be held this year. At the last chautauqua hundreds of automobile drivers were attracted here by this parade and August 23 the number will no doubt be much larger. The committee has already found that there is a great deal of interest among automobile owners in this event and there will be spirited competition and many decorated cars will be in line.

## MARRIAGE ANNULMENT CASE FILED IN CIRCUIT COURT

Mildred Kepford Alleges License  
With Which She Married Isaac  
Baldwin Was Secured By Fraud

An unusual bill was filed in the circuit court Friday by Thomas J. Masters of Sangamon county in behalf of Mildred Kepford. It is a suit to bring about an annulment to the marriage contract made between the said Mildred Kepford and Isaac C. Baldwin. The bill does not ask for a divorce, since it sets forth that the marriage license was secured by fraud and that there never was a proper legal marriage ceremony.

The bill is in the name of "Mildred Kepford by her next friend, Anna Kepford." It is recited that Mildred Kepford was born in this city January 15, 1899, and the greater part of the time since then resided here with her mother. It is alleged that a few months prior to April 15, 1915, that the complainant met Isaac C. Baldwin and that their friendship grew rapidly and resulted in his asking her to marry him. According to the bill Mr. Baldwin persuaded the girl to go with him to Springfield, stating that a marriage license could be legally secured there, and the marriage performed. Arriving at Springfield they are said to have met Baldwin's mother, and while the girl waited in a drug store near the court house the mother and son secured a marriage license and then returned for the girl.

A copy of the application for the marriage license is attached to the bill and shows that Baldwin was twenty years of age and that consent was given by his mother. It is also set forth in this application that Mildred Kepford was eighteen years of age at the time the alleged marriage license was secured. After the mother and son returned to the girl waiting at the drug store they proceeded to the home of a minister for the ceremony.

Subsequently the young people returned to Jacksonville and had rooms with the girl's grandmother at 742 North Main street. It is further alleged in the bill that about May 1, 1916, that the complainant learned the correct facts about the marriage laws of the state, and that the license had been secured by fraud. She then began to live apart from Baldwin and returned to the home of her mother, and it is on the basis of these alleged facts that the court is asked now to amend the marriage contract and to restore to the complainant her maiden name, and to set aside any property interests which Baldwin might have secured thru a legal marriage ceremony.

It is charged in the bill that when Baldwin took Miss Kepford to Springfield that all arrangements had been made to meet his mother and that there was collusion to have the marriage ceremony performed after making false affidavit to the county clerk. The case is to be heard at the November term.

P. G. Armstrong of Batesville was a business visitor in the city Friday.

## VERY REV. D. J. MORONEY APPOINTED HEAD OF JACKSONVILLE DEANERY

Well Known Priest Takes Church  
Post Made Vacant by Death of  
Rev. J. W. Crowe.

The Very Rev. D. J. Moroney of Carrollton has been appointed Dean of the Jacksonville Deanery, comprising the counties of Morgan, Jersey, Calhoun, Greene and Scott. The appointment is to fill the vacancy caused by the death of the Very Rev. Dean J. W. Crowe.

Dean Moroney is well known to Jacksonville as he was born and reared in this city. He studied for the priesthood at Salesianum Seminary, Milwaukee. He was ordained by the Right Rev. Bishop Balades in the Alton Cathedral in 1881. Following his ordainment he was for several years at the cathedral. He then served at Charleston, Marshall, Arcola, Mt. Sterling, and Carrollton, being now located at the latter place.

The appointment was made several weeks ago it was not announced publicly until recently. Dean Moroney was at first averse to assuming the responsibility of the position as he, himself stated, was getting along in years and did not want additional burdens.

The new Dean is a brother of Mrs. John Cain residing south of the city and is a frequent visitor here. He numbers many warm friends here who will unite in extending congratulations. Dean Moroney will continue his residence in Carrollton but will make frequent visits here in his official capacity.

## CARL COKLEY LOSES SIGHT

Carl Cokley, who was injured some weeks ago by a piece of nail striking him in the eye underwent an operation at Our Saviors Hospital yesterday and the eye was removed. It was thought for some time that the eye could be saved, but recently local specialists had given up hope. Mr. Cokley made a trip to Springfield Thursday and consulted with specialists in that city, but they could offer no encouragement, and the operation was performed yesterday at Our Saviors Hospital.

## HEBRON CHURCH BUILDING TO BE STARTED SOON AT COST OF \$7,900

Structure Will be Modern in Every  
Detail—Will Have Seating Capacity of 250—Electric Light Plant to be Installed.

The contract was awarded Friday to John Woiike for the carpenter work on the new Hebron M. E. church building. Ellsworth Wells received the contract for the plastering and mason work, while the painting and wood work will be done by William Benson. The estimated cost of the structure will be \$7,900. This will include the lighting and heating plants and all fixtures. Plans for the building were drawn by C. W. Buckingham. The dimensions of the building are 38 by 55 feet. There will be a basement under the entire building in which will be a kitchen, dining room, a social room, furnace and fuel room. Upstairs will be an auditorium and lecture room with Sunday school rooms and balcony. The woodwork will be finished in brown and the fixtures will be extraordinary in quality. There will be an inclined floor and at the altar will be an individual communion rail. Exceptionally fine windows will form a part of the edifice and the choir loft is to be finished in beautiful brown wood, corresponding with the rest of the furnishings. Lights will be furnished by a storage battery system, and the building will be heated by a hot air furnace. The capacity of the church will be 250.

In all the church will be modern in every detail and the congregation will have a right to be proud of their place of worship. One of the striking features is that all of the money has been subscribed for, and a goodly part of it has been paid to the committee in charge. The committee stated yesterday that they hoped to have the building finished before cold weather combined.

## KRESGE STORE EMPLOYEES HAD PICNIC.

One of the most pleasant picnics of the summer season was that held Thursday evening by the girls of the Kresge 5 and 10c store. It was their annual outing and they chartered a special car from the Jacksonville Railway & Light company, and a large banner told the meaning of the gathering. They left the square at 6 o'clock and went to Nichols park, where an elegant picnic luncheon was served, all the girls taking well filled baskets. After the meal a delightful time was spent.

The young ladies listened to a very instructive address by the manager of the store, E. A. Hearn. He took for his subject, "Service," and he brought out many excellent points in the course of his remarks. The girls also sang a store song, which was a very clever production written by Miss Margaret Fernandes. Altogether the outing was one of unusual pleasure. Among those present were Edith Sibert, Hazel Massey, Rena Cheney, Josephine Steinmetz, Ceell White, Ruth Fenstermaker, Alma Schwarberg, Pearl Goacher, Violetta White, Sabra Rohlf, Esther Nunes, Margaret and Ethel Fernandes, Dolorita Topping, Mr. and Mrs. E. A. Hearn and daughter Frances, Paul Joaquin and Mr. Hearn's assistant, George Edman and wife.

## TWENTY FIVE SEEK OFFICE IN MORGAN COUNTY

Friday Was Final Day For Filing  
Petitions For Place On Primary  
Ticket—Judge Brockhouse And  
Fred B. Henderson Enter Lists On  
Last Day.

Friday was the final day for the filing of county candidates' petitions and the entire list of names of those who will be voted on at the primary election September 13 is now known. The last petition filed with County Clerk Boruff was Friday afternoon at 5 o'clock, when E. N. Kitner, candidate for coroner, placed his petition on record. The candidates whose names will appear on the ballot will be as follows:

### Republican

Circuit clerk—F. M. Brewer, Fred B. Henderson.  
State's attorney—F. L. Gregory, Carl E. Robinson, Paul Samuell.  
County commissioner—Charles S. Magill.

Coroner—J. A. Crum, G. V. Skinner, Charles A. Rose.  
Surveyor—E. M. Henderson.

### Democratic

Circuit clerk—E. D. Pyatt, C. W. Boston, Carlin C. Berryman.  
State's attorney—Paul P. Thompson, Walter W. Wright, Edward P. Brockhouse.

County commissioner—J. L. McDonald, R. R. Coultas.

Coroner—G. W. Wright, J. M. Summers, D. J. McCarthy, William S. Lorton, T. B. Burnett, Phil Grant, E. N. Kitner.

The special interest of the final filing day centered around the office of circuit clerk on the Republican ticket and state's attorney on the Democratic ticket. F. B. Henderson of Arcadia and E. L. Kinney of Jacksonville both filed petitions for Republican nomination for circuit clerk but later in the day Mr. Kinney withdrew his petition. A petition was also in circulation for DeMotte Gates for the same office but before the document had been filed he decided not to be a candidate. Judge Brockhouse's entrance into the race for Democratic state's attorney nomination had been forecasted for several days but the Judge himself had made no definite statement. It did not become positively known until Friday that he would be a candidate and his petition was then filed about 2 o'clock in the afternoon.

Judge Brockhouse, who served four years acceptably as judge of the county court, subsequently became a member of the firm of Kirby, Wilson & Brockhouse and has a wide acquaintance throughout the county. His announcement will be certain to add a great deal of zest to the contest on the Democratic side for the state's attorneyship nomination.

There are twenty-five candidates in all and judged by numbers the office of coroner is one of the most desirable in the county for there are seven Democrats and three Republicans who aspire to thus serve the people. In addition to the petitions filed for county officers there are petitions for membership in the senatorial committee. On the Republican ticket there will appear the names of Edward Kastup and R. L. Dye and on the Democratic ticket the name of Eugene Kettering. E. N. Kitner's petition was filed late undoubtedly in order that his name might appear the last in the list of Democrats seeking the office of coroner.

Under the law twenty days are allowed during which a candidate has the right to withdraw his name from the ticket. Those familiar with the list of names, however, believe that as now constituted it represents the tickets which will be placed before Morgan county voters at the primary Wednesday, September 13.

## NUMBER FROM JACKSONVILLE ATTEND NEELEYVILLE PICNIC

Among Jacksonville people who attended the Lutheran picnic Thursday at Vortman's Grove, near Neeleyville, were David Taylor and son, Clarence Taylor, Mr. and Mrs. John Dwyer, Mrs. Katie Dwyer, Fred Tholen and family, John R. Middendorf and family, Mr. and Mrs. Graubner, Mrs. Fred Brown, Lloyd Zimmer, Miss Zimmer, and J. G. Tomhave and family. Automobiles met the Wabash trains to convey the visitors to Vortman's Grove, two miles from the station. The crowd was a large one, but eatables had been provided in ample quantity and the quality was of the best. A program of athletic sports was stopped by the rain which struck Neeleyville at 3:30 o'clock, tho the events were resumed within a short time. Very enjoyable were the flag drills by Neeleyville school children and a number of song selections by the church choir. Rev. Mr. Deterding, pastor of the and Edward of Manchester, who ing address.
